Wyckoff Country Club, nestled at the base of Mount Tom in Holyoke, Massachusetts, has been a distinguished fixture in the community since its founding in 1898. Originally designed by famed golf course architect Donald Ross and established with the support of local businessman J. Lewis Wyckoff, the 18-hole championship course continues to offer a classic New England golfing experience.

### ***Format***

We offer both Shotgun Start and Tee Time tournament formats to best fit the size and style of your event. A shotgun start allows all groups to begin play simultaneously from different holes, creating a shared, high-energy experience where everyone finishes at the same time - ideal for larger outings, corporate events, and post-round receptions. Alternatively, tee time formats provide a more traditional golf experience, with groups starting in sequence off the first tee, making it a great option for smaller or more competitive fields. Our team will work with you to determine the best format based on your group size, pace of play, and overall event goals, ensuring a seamless and enjoyable day on the course.

### ***Tournament***

Our tournament services are designed to deliver a seamless, professionally managed event from start to finish. From the moment your guests arrive, our team coordinates registration, cart assignments, and player staging to ensure an organized and welcoming experience. We provide customized scorecards, pairings, and on-course setup, along with full scoring and leaderboard management to keep the competition engaging and efficient. Throughout the day, our staff remains present to assist with pace of play, contests, and any on-course needs, allowing you to focus on your guests. From first tee to final results, we handle the details so your tournament runs effortlessly and leaves a lasting impression.
